**SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT**

Applicant respectfully submits this Supplemental Information Disclosure Statement to cite references that became known to applicant as a result of a Decision to Grant from the Russian Patent Office, related to the prosecution of a corresponding Russian patent application. This Decision to Grant by the Russian Patent Office, dated October 13, 2009, cites six references, namely Great Britain Patent No. 954342 ("GB '342"); Climate Control Internet article from [www.airconditioning.ru](http://www.airconditioning.ru) ("Website Article"); German Patent No. 3730467 ("DE '467"); U.S. Patent No. 5,545,084 ("U.S. '084"); Great Britain Patent No. 527025 ("GB '025"); and Japan Patent No. 57107912 ("JP '912").

All these cited references are already of record, except for GB '025 and the Website Article, both of which are listed on the accompanying Form PTO/SB/08a. Copies of these two references are enclosed. For the Website Article, no English language translation is within the possession, custody, or control of applicant, nor readily available to applicant. Thus, applicant supplies this concise explanation of its relevance, as presently understood: the Website Article was cited by the Russian Patent Office in a Decision to Grant the corresponding Russian patent, but the Russian Patent Office apparently did not believe that it negated patentability.

Applicant has also listed on the Form the English language translation of the Russian Decision to Grant, and a copy of the English language Russian Decision to Grant is enclosed.

Applicant respectfully requests that these references be considered and made of record in this file. Applicant respectfully asserts that a \$180 fee is being paid via credit card. If any additional fee is necessary to complete this communication, the Commissioner should consider this to be a request for such and should charge any necessary fees to Deposit Account No. 23-3000.

Respectfully submitted,  
WOOD, HERRON & EVANS, L.L.P.
